## **Purdue University Teaching Awards and Student Evaluations**

Honored as a ***Distinguished and Outstanding Teacher*** for every class taught at Purdue

May 2017 – Received the ***Krannert Excellence in Undergraduate Teaching*** award as voted on by graduating seniors and presented by the Dean's Office

- I like how Professor Scott teaches the class...very enthusiastic, knowledgeable. I really like his examples, which make the very complex accounting so much easier.
- Lectures are interactive, interesting, and useful for learning. Examples are memorable and stick with me during exams.
- His kindness makes me more interested in learning. Lecture notes are helpful for learning.
- I liked how the instructor takes the time to really care for his students. He is one of the few instructors in this school that really cares about his students. Classes are interesting and key concepts are explained really well.
- Encourages students to participate in class, answers questions patiently, and ensures practical uses of course materials are understood.
- The instructor explains everything very clearly. Also pays lots of attention to helping international students understand difficult vocabulary.
- The class was awesome. Would highly recommend the professor.
- Encourages feedback and participation.
- I really like that he treats his students with respect. He does not lecture AT us, he helps us learn.
- The instructor is awesome. Keep him at Purdue.
- Best teacher I have had at Purdue by far. I actually look forward to accounting because you somehow make it fun.
- Love this instructor ! The best accounting class I've ever had !
- He is very passionate about teaching us and helping us learn. He wants to see us all succeed and you can tell that he is genuine.
- Dave Scott is a great professor, he is extremely knowledgeable and gives real world advice about the accounting field. He makes the subject of accounting fun, well as fun as it can be.
- He makes the lectures very interesting. I sometimes have a hard time paying attention in classes but not with this class. Would highly recommend this course to a friend.
- I thought you were an awesome professor and I really enjoyed being in your class.

## **Course Development Activities**

Thus far, I have developed (independently and completely) the following accounting courses

- Graduate-level (MSA) accounting elective – *Accounting Ethics*
- Upper-division undergraduate accounting elective – *Financial Reporting Frameworks, Standards, and Emerging Issues*
- Undergraduate on-line *Intermediate Accounting II*
- Undergraduate on-line *Management Accounting I*

## **Education and Professional Credentials**

BS in Accountancy – Arizona State University                      MBA – Illinois State University
