

Will Wei Sun

Last update: February 1, 2022

Krannert School of Management
Purdue University
West Lafayette, IN

Phone: 765-494-4085
Email: sun244@purdue.edu
<https://web.ics.purdue.edu/~sun244/>

Appointments	Assistant Professor of Quantitative Methods, Purdue University, <i>Jun. 2019-</i> Assistant Professor of Statistics (Courtesy), Purdue University, <i>Jan. 2021-</i> Assistant Professor, Miami Business School, <i>Aug. 2016 - May 2019</i> Research Scientist, Advertising Science Team, Yahoo Labs, <i>Jun. 2015 - Aug. 2016</i>
Education	Purdue University , West Lafayette, IN, USA Ph.D. in Statistics, <i>Aug. 2011 - May 2015</i> M.S. in Statistics and Computer Science, <i>Aug. 2012 - May 2014</i> University of Illinois at Chicago , Chicago, IL, USA M.S. in Statistics, <i>Aug. 2009 - May 2011</i> Nankai University , Tianjin, China B.S. in Statistics, <i>Sep. 2005 - Jul. 2009</i>
Research Interests	Machine Learning : reinforcement learning; online learning; tensor learning Data Science : dynamic pricing; dynamic assortment selection; two-sided matching markets; online advertising; recommender systems; neuroscience
Journal Publications	*: former/current student co-authors 14. Jie Zhou*, Will Wei Sun , Emma Zhang, and Lexin Li (2021), “Partially Observed Dynamic Tensor Response Regression”, <i>Journal of the American Statistical Association</i> , Accepted. 13. Botao Hao*, Boxiang Wang*, Pengyuan Wang, Emma Jingfei Zhang, Jian Yang, and Will Wei Sun (2021), “Sparse Tensor Additive Regression”, <i>Journal of Machine Learning Research</i> ¹ , 22, 1-43. 12. Emma Zhang, Will Wei Sun , and Lexin Li (2020), “Mixed-Effect Time-Varying Stochastic Block Model and Application in Brain Connectivity Analysis”, <i>Journal of the American Statistical Association</i> , 115, 2022-2036. 11. Eric Chi, Brain Gaines*, Will Wei Sun , Hua Zhou, and Jian Yang (2020), “Convex Co-clustering of Tensors”, <i>Journal of Machine Learning Research</i> , 21, 1-58. 10. Xiang Lv*, Will Wei Sun , Zhaoran Wang, Han Liu, Jian Yang, and Guang Cheng (2020), “Tensor Graphical Model: Non-convex Optimization and Statistical Inference”, <i>IEEE Transactions on Pattern Analysis and Machine Intelligence</i> ² , 42, 2024-2037. 9. Will Wei Sun and Lexin Li (2019), “Dynamic Tensor Clustering”, <i>Journal of the American Statistical Association</i> , 14, 1894-1907. 8. Botao Hao*, Will Wei Sun , Yufeng Liu, and Guang Cheng (2018), “Simultaneous Clustering and Estimation of Heterogeneous Graphical Models”, <i>Journal of Machine Learning Research</i> , 18, 1-58. 7. Will Wei Sun , Guang Cheng, and Yufeng Liu (2018), “Stability-Enhanced Large-Margin Classifier Selection”, <i>Statistica Sinica</i> , 28, 1-25.

1. Pengyuan Wang, **Wei Sun**, Dawei Yin, Jian Yang, and Yi Chang (2015), “Robust Tree-based Causal Inference for Complex Ad Effectiveness Analysis”, *ACM International Conference on Web Search and Data Mining (WSDM 2015)*. [**Full paper, 16% acceptance**]

Book Chapters

1. **Will Wei Sun**, Botao Hao*, and Lexin Li (2021), “Tensors in Modern Statistical Learning”, Wiley StatsRef: Statistics Reference Online.

**Selected
Submitted
Manuscripts**

6. Hilda S Ibriga* and **Will Wei Sun** (2021), “Covariate-assisted Sparse Tensor Completion”, *Journal of the American Statistical Association*, Acceptable after major revisions.
5. Pratik Ramprasad*, Yuantong Li*, Zhuoran Yang, Zhaoran Wang, **Will Wei Sun**, and Guang Cheng (2021), “Online Bootstrap Inference For Policy Evaluation In Reinforcement Learning”, *Journal of the American Statistical Association*, Acceptable after major revisions.
4. Emma Zhang, **Will Wei Sun**, and Lexin Li (2021), “Generalized Connectivity Matrix Response Regression with Applications in Brain Connectivity Studies”, *Journal of Computational and Graphical Statistics*, Major revision.
3. Yiyun Luo*, **Will Wei Sun**, and Yufeng Liu (2021), “Distribution-free Contextual Dynamic Pricing”, Submitted.

2. Chi-Hua Wang*, Zhanyu Wang*, **Will Wei Sun**, and Guang Cheng (2021), “Online Regularization for High-Dimensional Dynamic Pricing Algorithms”, Submitted.

1. Biao Cai*, Emma Zhang, and **Will Wei Sun** (2021), “Heterogeneous Tensor Mixture Model in High Dimensions”, Submitted.

Grants

- “Design of Markets and Services Based on Learned User Behavior”, Ross-Lynn Research Scholar Funds, \$63,350/year, 2022-2024, PIs: Thanh Nguyen, Will Wei Sun, Mohit Tawarmalani.
- “Statistical Theory and Method of Large Tensor Data”, Office of Naval Research, \$116,911, PI, 2020-2022.
- “Tensor Bandit for Online Interactive Recommendation”, Purdue Research Foundation, \$8,000, PI, 2020.
- “Efficient Online Learning in Multidimensional Decision Problems”, Adobe Research Gift Award, \$10,000, PI, 2019.
- “Artificial Intelligence For Early Diagnosis of Alzheimer’s Disease”, University of Miami, Provost’s Research Award, \$12,000, PI, 2018.
- “Large Scale Ad Clustering via Spectral Decomposition”, University of Miami, Provost’s Research Award, \$17,000, PI, 2017.

Mentees

Postdoc Fellow:

- Dr. Shirong Xu, PhD in Statistics from City University of Hong Kong, 2021-

Current PhD Students:

- Danyang Wang (joint with Lingsong Zhang), Statistics, Purdue University, 2022-
- Yuantong Li (joint with Guang Cheng), Statistics, Purdue University, 2021-
- Pratik Ramprasad (joint with Guang Cheng), Statistics, Purdue University, 2020-
- Qiyu Han, Quantitative Methods, Purdue University, 2019-

Former PhD Students:

- Jie Zhou (joint with Emma Zhang), Miami Business School, 2021
Current: Research Scientist, Amazon.
- Hilda Ibriga (joint with Bruce Craig), Statistics, Purdue University, 2021
Current: Research Scientist, Eli Lilly and Company.

Former Summer Interns at Yahoo Labs:

- Boxiang Wang, PhD candidate of Statistics at UMN, 2016
Current: Assistant Professor of Statistics at University of Iowa.
- Forough Arabshahi, PhD candidate of Computer Science at UCI, 2016
Current: Research Scientist, Facebook.

Teaching

MGMT 571, Data Mining, Purdue University

- Core course of Master of Science in Business Analytics and Information Management
- Focus on business applications of data mining algorithms.
- Overall evaluation score: 4.8/5 (19F), 4.7/5 (20F), 4.5/5 (21S), 4.6/5 (21F)

MGMT 571, Data Mining (Online Program), Purdue University

- Elective course of Online Master of Science in Business Analytics and Online MBA
- New online course developed by me; consists of 30 recorded videos.
- Overall evaluation score: 4.4/5 (20F), 4.3/5 (21F)

MGMT 690, Doctoral Seminar in Statistical Machine Learning, Purdue University

- PhD-level course for students in Quantitative Methods
- Topics include high-dimensional statistics, supervised learning, tensor learning
- No evaluation due to a school-wide policy under Covid-19.

MAS 681, Statistical Machine Learning, Miami Business School

- PhD-level course for students in Management Science and Biostatistics
- Topics include deep learning, supervised learning, unsupervised learning
- Overall evaluation scores: 4.8/5 (18S), 5/5 (18F)

MAS 648, Data Mining, Miami Business School

- Core course of Master of Science in Business Analytics
- Focus on business applications of data mining algorithms.
- Overall evaluation scores: 4.3/5 (18F)

MAS 311, Probability and Statistics, Miami Business School

- Core course of B.S.B.A. in Business Analytics
- Overall evaluation scores: 4.6/5 (17S), 4.3/5 (18S)

Honors

Jay N. Ross Young Faculty Scholar, Krannert School of Management,	<i>2021</i>
Outstanding Teacher, Krannert School of Management	<i>2021</i>
Distinguished Teacher, Krannert School of Management	<i>2019, 2020</i>
Adobe Research Gift Award	<i>2019</i>
University of Miami Provost Research Award	<i>2017, 2018</i>
Institute of Mathematical Statistics Laha Travel Award	<i>2013, 2015</i>
I.W. Burr Award, Purdue University	<i>2015</i>
Lynn Fellowship, Purdue University	<i>2011 - 2012</i>

Presentations

Invited Conference Talks

• ICSA International Conference, Hong Kong	<i>Dec., 2022</i>
• Joint Statistical Meetings (JSM), DC,	<i>Aug., 2022</i>
• ICSA Canada Chapter Symposium, Alberta	<i>Jul., 2022</i>
• ICSA Applied Statistics Symposium, FL	<i>Jun., 2022</i>
• INFORMS Annual Meeting (Virtual),	<i>Nov., 2021</i>
• INFORMS Annual Meeting (Virtual),	<i>Nov., 2020</i>
• The 11th ICSA International Conference, Zhejiang, China,	<i>Dec., 2019</i>
• Joint Statistical Meetings (JSM), Denver, Colorado,	<i>Jul., 2019</i>
• POMS Annual Conference, DC,	<i>May, 2019</i>
• INFORMS Annual Meeting, AZ,	<i>Nov., 2018</i>
• Conference on Statistical Learning and Data Science, NY,	<i>Jun., 2018</i>
• ICSA Applied Statistics Symposium, NJ,	<i>Jun., 2018</i>
• International Conference on Econometrics and Statistics, Hongkong,	<i>Jun., 2018</i>
• IISA International Conference on Statistics, FL,	<i>May, 2018</i>
• CMStatistics, London, UK,	<i>Dec., 2017</i>
• Joint Statistical Meetings, Baltimore, MD,	<i>Aug., 2017</i>
• ICSA Applied Statistics Symposium, Chicago, IL,	<i>Jun., 2017</i>
• International Conference on Econometrics and Statistics, Hongkong,	<i>Jun., 2017</i>
• Conference on Statistical Learning and Data Science, NC,	<i>Jun., 2016</i>
• ICSA Applied Statistics Symposium, Atlanta, GA,	<i>Jun., 2016</i>

Invited Departmental Seminar Talks

• Mendoza College of Business, University of Notre Dame,	<i>Feb., 2022</i>
• Statistics, University of Virginia,	<i>Oct., 2021</i>

- Statistics, The Chinese University of Hong Kong, *Sep., 2021*
- Supply Chain and Operations Management, Purdue University, *Sep., 2021*
- Data Science, The Chinese University of Hong Kong, Shenzhen, *Jul., 2021*
- Statistics, Shanghai University of Finance and Economics, *Jul., 2021*
- Quantitative Methods, Purdue University, *Jan., 2019*
- Statistics, Purdue University, *Jan., 2019*
- Mathematical Sciences, New Jersey Institute of Technology, *Sep., 2017*
- Statistics, University of Wisconsin-Madison, *Sep., 2017*
- The Institute of Statistics, Nankai University, China, *Jun., 2017*
- School of Finance and Statistics, East University Normal University, *Jun., 2017*
- Biostatistics, University of Miami, *Apr., 2017*
- Statistics, Florida State University, *Apr., 2016*
- Statistics, North Carolina State University, *Feb., 2016*
- Krannert School of Management, Purdue University, *Jan., 2016*
- Management Science, University of Miami, *Dec., 2015*
- Math and Statistics, University of Massachusetts Amherst, *Dec., 2015*
- Biostatistics, New York University, *Mar., 2015*
- Machine Learning Seminar, Binghamton University, *Sep., 2014*
- Yahoo Labs, Sunnyvale, CA, *Aug., 2014*

Industrial Experience

Yahoo Labs, Sunnyvale, CA

Research Scientist

Jun. 2015 - Aug. 2016

- Worked on personalized advertising based on web-scale data via Hadoop and Pig.
- Developed time series forecasting for Yahoo's traffic via ensemble machine learning.
- Proposed a new budget pacing algorithm in real time bidding system to improve advertisers' return on investment (ROI).

Yahoo Labs, Sunnyvale, CA

Research Scientist Intern

Jun. 2014 - Aug. 2014

- Proposed an efficient and robust tree-based causal inference framework for assessing the impact of complex advertising treatments from millions of users.
- Developed a sparse additive model equipped with Gaussian copula to model multivariate non-gaussian advertising treatments.

Patents

"Systems and Methods for Measuring Complex Online Strategy Effectiveness", United States Patent Application 20160189202, Yahoo! Inc., December, 2014.

Software

1. **pass**, R package for prediction and stability selection of tuning parameters
2. **snn**, R package for stabilized nearest neighbor classifier
3. **Tlasso**, R package for sparse tensor graphical models
4. **scvxclustr**, R package for sparse convex clustering

Professional Service

Associate Editor:

Statistical Analysis and Data Mining,

2018-

Conference Invited Session Organizer:

- ICSA International Conference, Hong Kong *Dec., 2022*
- Joint Statistical Meetings (JSM), DC *Aug., 2022*
- Joint Statistical Meetings (JSM), Seattle, WA, *Jul., 2021*
- Conference on Statistical Learning and Data Science, Irvine, CA *May, 2020*
- Joint Statistical Meetings (JSM), Denver, Co, *Jul., 2019*
- ASA's Symposium on Data Science and Statistics (SDSS), Seattle, WA, *May, 2019*

- IMS Asia Pacific Rim Meeting (IMS-APRM), Singapore, *Jun., 2018*
- Computational and Methodological Statistics (CMStatistics), UK, *Dec., 2017*

Refereed Machine Learning Conference Reviewer:

NeurIPS 2016, 2017, 2018, 2019, 2020, 2021; ICML 2018, 2019, 2020, 2021, 2022; ICLR 2018, 2019, 2020, 2021, 2022; AAAI 2019, 2020, 2021; AISTAT 2018; WWW 2016; CIKM 2016

Journal Reviewer:

Annals of Statistics (3), Journal of the American Statistical Association (20), Journal of the Royal Statistical Society: Series B (2), Journal of Machine Learning Research (7), Information Systems Research (1), IEEE Transactions on Information Theory (2), Math Programming (1), Technometrics (2), Annals of Applied Statistics (2), Electronic Journal of Statistics (5), Statistica Sinica (5), Journal of Multivariate Analysis (3)

Grant Reviewer:

NSA-AMS, 2015; NSF-MMS, 2021

Student Paper Award Reviewer:

ASA Statistical Learning and Data Science Student Paper Competition, 2022

University Committee and Administrative Responsibilities:

- Faculty Hiring Co-chair, Purdue University, 2021-2022
- PhD Student Recruitment Committee, Purdue University, 2019-2022
- Data Analytics Research and Teaching Committee, Purdue University, 2019-2021
- Krannert Online Case Competition, Purdue University, 2021
- Faculty Hiring Committee, Purdue University, 2019-2020
- PhD Coordinator of Management Science, University of Miami, 2018-2019
- Departmental Seminar Organizer, University of Miami, 2016-2019
- PhD Student Recruitment Committee, University of Miami, 2016-2019
- Faculty Hiring Committee, University of Miami, 2017-2018

Memberships:

- The Institute for Operations Research and the Management Sciences (INFORMS)
- Institute of Mathematical Statistics (IMS)
- American Statistical Association (ASA)
