

MAKE AN IMPACT

Internships at T-Mobile

What It's Like

At T-Mobile, a big part of our culture is about embracing our Magenta spirit. #TeamMagenta includes 50,000+ unique individuals united in our obsession to deliver great customer experiences, solve pain points, and challenge the status quo – at work and in life. When you join us for an internship, you're invited to make your mark and have fun doing it. Our shared success comes from putting people first – customers AND employees. Your first responsibility: be you.

What It Takes

We're looking for current students pursuing bachelor's, master's, and MBA degrees who are agile thinkers and embrace change. Bring your passion, ambition, and desire to do things differently to our 12-week full time internship program. At T-Mobile, we don't have a corporate ladder – it's more like a jungle gym of options. Your path may take you in directions you didn't think were possible and we will give you all the resources and support you need to lead a successful career.

What You'll Do

You'll work with innovative peers and mentors who will challenge you and help you develop important skills while contributing your creative perspective on major projects. You'll also have the opportunity to connect and engage with senior leaders across all business functions including technology, marketing, corporate strategy, retail, customer care and more.

Join Team Magenta

This isn't just a test run. It's an audition for what's next; a potential career opportunity with T-Mobile. Recruiting for open internships runs annually September through May. After you apply, we'll review your application. If we see a match for an open position, we'll contact you directly to discuss next steps. Got questions or want to learn more? Feel free to contact us at InternshipProgram@t-mobile.com.
